

Cambridge Preschool's Annual Spring Cleaning

On 25 November 2017, 8 volunteers from the Company helped out at Cambridge Preschool for its annual spring cleaning.

The aim was to create a hygienic and suitable environment for the preschoolers in time for their new school year.

Together with the teachers, the volunteers were assigned to various tasks and spent 3.5 hours to clean the premises that involved moving furniture, removing old labels, making good the walls and scrubbing the floors.

The Company is glad to have played a part to ensure a good learning space and comfortable environment for the children.
